

## **RAYLEIGH COW LINES EXPLAINED**

Our Foundation cows came from Lomani and Dalkeith. Overtime females from Debarry, Margfred Park, Glencoe, Toolangatta, Tricroft, Bahreenah, Reedeemable (Sevenbardot), Cannawigra and Courallie have been added.

Our naming system is a little different to others. Each female is assigned a letter which denotes which foundation cow she originates from. Each female is then assigned a name according to her sire. These are in the tables below.

*E.g. Lot 1, Rayleigh E Florence S2 descends from Margfred Park Elegance and is sired by Injemira Fortune M152.*
